Item 8.01 Other Events.

Leggett Settles Claim for Antitrust Violations

The Company previously reported that it, along with several other plaintiffs, filed a complaint in the United States District Court for the District of New Jersey against BASF Corporation, The Dow Chemical Company, Huntsman International LLC, Lyondell Chemical Company, and their affiliates, alleging that the defendants conspired to fix prices and allocate customers and markets for certain urethane chemical products. The Company previously settled its claims against certain defendants for immaterial amounts and all defendants were dismissed except for The Dow Chemical Company.

We reached a settlement of our antitrust claim against The Dow Chemical Company on April 5, 2016, by agreeing to release our claim regarding this matter for a net cash payment to the Company of approximately \$38 million (pre-tax, after deducting expenses) (subject to adjustment for final calculations). We expect to receive payment in the second quarter of 2016.

We expect to record after-tax income of approximately \$25 million in the second quarter of 2016 related to this matter. Because the settlement is largely attributable to our former Prime Foam Products business, which was sold in the first quarter of 2007, approximately \$21 million of this after-tax amount is expected to be reflected in discontinued operations.

FORWARD-LOOKING STATEMENTS: Statements in this Item 8.01 that are not historical in nature are “forward-looking.” These statements are identified either by the context in which they appear or by use of words such as “expected” or “expect.” These statements involve uncertainties and risks, including the risks of litigation and the preliminary nature of the part of the cash payment attributable to discontinued operations, and the date of receipt of the cash payment. Any forward-looking statement reflects only the company’s beliefs when the statement is made. Actual results could differ materially from expectations, and the company undertakes no duty to update these statements.
